ABOUT US

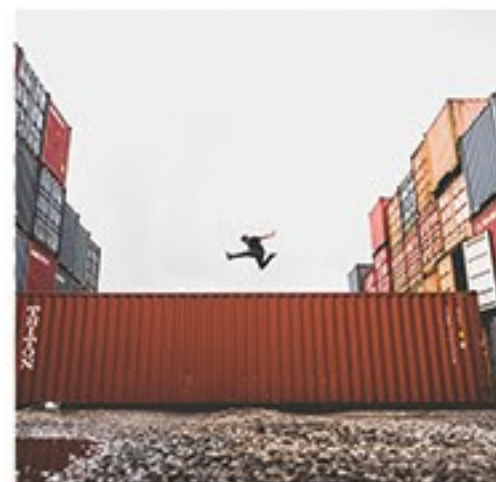

Welcome to HomeCo, the cornerstone of practical elegance and affordability in cabinets, countertops, and sinks. As a US-based company with a strong vertical integration model, we are at the forefront of our industry, covering products research & development, manufacturing, export & import, distribution, and retail supply.

At HomeCo, excellence is crafted and quality is produced in our independently owned factories across Asia. These facilities are the birthplace of our premium products, which we then directly export to our vast distribution network in North America.

Our clientele is as diverse as our product range, serving distributors, importers, builders & developers, retailers, and contractors. HomeCo's unique strength lies in our ability to offer personalized local assistance in the U.S. while maintaining the capability to fulfill both local and international demands. Our vertically integrated structure and ownership of manufacturing plants afford us unparalleled flexibility and control over production. Our shipping schedules guarantee that our clients' tailored volume orders are met with precision, whether for wholesale purposes or large-scale projects.

Discover the HomeCo difference where flexibility meets reliability, and tailored service meets global standards. We are actively looking for distributors to join its expanding supply network, inviting partners who share its vision for delivering quality products with consistent inventory.

FRAMELESS CABINETS

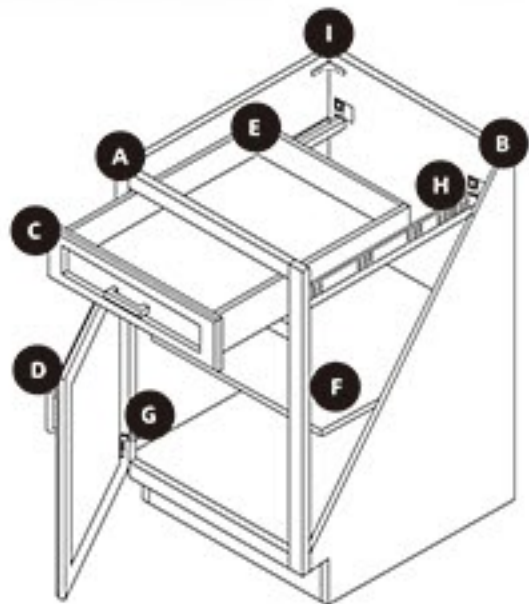

What is an American Style (Framed) Cabinet?

What is an American Style (Framed) Cabinet?

American cabinet manufacturers have traditionally built cabinets using a framed construction. In this type of cabinet construction, the rails and stiles form a 3/4 inch face "frame" at the front of the cabinet box. This frame resembles a flat picture frame attached to the door front, adding dimension to the door front. The cabinet doors are secured to the edge of the frame, which gives the cabinet strength and sturdiness. HomeCo's American Style cabinets are made of solid wood doors face frames, and drawer faces with plywood construction cabinet boxes. The wood-dominant feel of the cabinets will bring your kitchen an elegant and timeless effect. To increase storage space efficiency, Our face-framed cabinet does not come with a center stile, allowing easier accessibility than other face-framed cabinets in the industry. HomeCo's face framed cabinets offer both traditional and contemporary designs.

FRAMED CABINETS

- A. 3/4" solid wood faceframe
- B. 1/2" high grade plywood box with matching interior finish
- C. 3/4" drawer panel*
- D. 3/4" door panel*
- E. 5/8" rubberwood dovetailed drawer box
- F. Full depth adjustable plywood shelf
- G. Adjustable soft-close concealed hinges
- H. Undermounted soft-close drawer slides
- I. Reinforced metal Corner brackets

* Materials vary across different door styles.

FRAMELESS CABINETS

FRAMELESS CABINETS

- A. 3/4" flat full overlay door and drawer panel*
- B. 3/4" plywood construction with white-finish interior and exterior
- C. 3/4" toe kick board
- D. 3/4" white-finished plywood drawer box
- E. 3/4" Solid plywood laminated in white with adjustable pegs
- F. Adjustable soft-close concealed hinges
- G. Soft-close undermount drawer glide

* Materials vary across different door styles.

What is a European Style (Frameless) Cabinet?

Frameless cabinet construction is a European way of manufacturing cabinets that has become popular among customers seeking simple and more contemporary cabinet designs. Frameless cabinetry is sometimes called "full access cabinet" because it offers greater accessibility by eliminating the face frame. Instead, it relies on thicker box construction for stability. Only full overlay doors can be used, with hinges attached directly to the sides of the cabinet box.

Our European Style line of cabinets offers flat panel door styles with a variety of color selections from solid gloss colors to textured wood grain colors. We use high-quality 3/4" thick solid plywood for cabinet box construction to ensure maximum durability. European Style is great for achieving a more modern, simple yet high-end look in your kitchen and bathrooms.

YOUR CABINETS YOUR OWN WAY

We welcome custom project orders and OEM lines

Custom Solutions for Bulk Orders

As both a manufacturer and distributor, we're equipped to even go beyond our standard warehouse stock to meet the demands of your large-scale projects.

For bulk orders, our in-house manufacturing capabilities allow us to create customized door designs, work with specific materials, and produce non-standard sizes tailored to your needs. Whether you're outfitting multi-unit developments, managing high-volume renovation projects or starting your own line of products, we provide the flexibility and expertise to bring your vision to life.

With our commitment to precision, durability, and exceptional quality, all at competitive pricing, you can trust us to deliver solutions that meet your exact specifications and stay within budget.
